Sector exposure

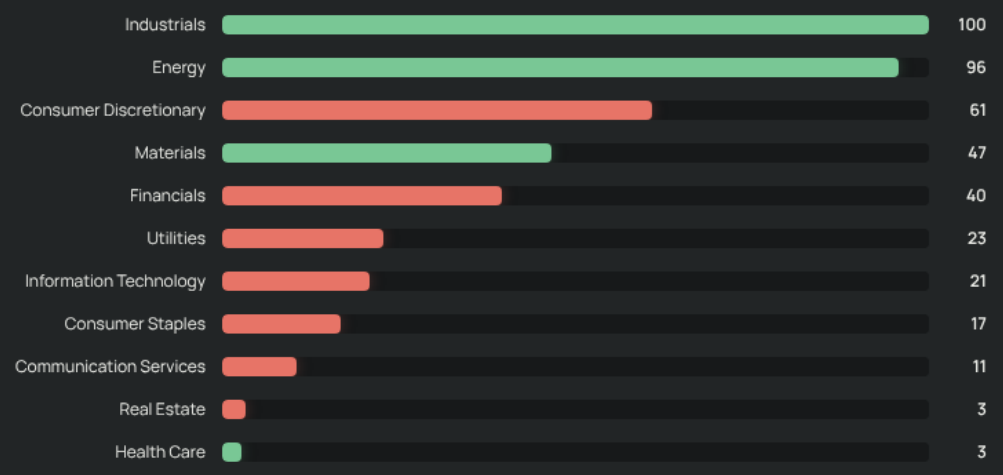

SECTOR & TICKER SENSITIVITY · 0–100

Where the conflict risk lands

How sensitive each S&P 500 sector is to today's conflict landscape, and whether the pressure is likely a tailwind or a headwind for prices. Tap a sector to filter tickers.

Exposure by sector

Tailwind · Headwind · Mixed

What's behind it

Leading drivers per sector

Industrials — HIGH · TAILWIND
Missile exchange across the Israel-Lebanon border · Tanker seized near the Strait of Hormuz

Energy — HIGH · TAILWIND
Tanker seized near the Strait of Hormuz · Missile exchange across the Israel-Lebanon border

Consumer Discretionary — ELEVATED · HEADWIND
Tanker seized near the Strait of Hormuz · Missile exchange across the Israel-Lebanon border

Materials — ELEVATED · TAILWIND
Tanker seized near the Strait of Hormuz · Missile exchange across the Israel-Lebanon border

Financials — MODERATE · HEADWIND
Missile exchange across the Israel-Lebanon border · Artillery fire intensifies along the eastern front line

Utilities — MODERATE · HEADWIND
Tanker seized near the Strait of Hormuz · Missile exchange across the Israel-Lebanon border

Information Technology — MODERATE · HEADWIND
Large-scale naval and air drills around Taiwan · Ballistic missile test over the Sea of Japan

Consumer Staples — MODERATE · HEADWIND
Tanker seized near the Strait of Hormuz · Missile exchange across the Israel-Lebanon border
